

## **Sprint 4 Report**

SlotMeIn

6/1/2021

### **Actions to stop doing:**

Our process is working well for the group. The improvements that can be made have more to do with adding things into our process.

### **Actions to start doing:**

- Organizing code into more components/files
- More modular code
- Write more tests
- More descriptive comments
- Clean code
- Clean up ADT items in code

### **Actions to keep doing:**

- Communicating frequently on Discord

### **Work completed/not completed:**

- Not Completed: Deployment of website
- Not Completed: Hosting for website
- Not Completed: Jest Testing: Frontend
- Fully Completed: Business Profile Picture
- Fully Completed: Website Favicon
- Fully Completed: Jest Testing Backend
- Fully Completed: User Profile
- Fully Completed: Events/Home Page

### **Work completion rate:**

User stories completed: 1

Estimated ideal work hours completed: 56

Days: 14

User stories per day: 0.07

Hours per day: 4
