- Fully Completed: As a customer, I want to share my events with friends on social media so they can reserve the same time slots.
- Fully Completed: As a business owner I want to be able to set age restrictions so that customers that might be too young for an event aren't able to sign up for them.
- Fully Completed: As a business owner I want to be able to set membership restrictions so that customers that don't have the tier of membership can't sign up for the event.
